PERSONAL SUMMARY

Experienced Associate at Asia's first cell & gene therapy startup accelerator, specializing in venture development, fundraising, and cross-border market entry. Proven track record in building strategic partnerships and guiding founders toward growth and global recognition. Deeply connected to Taiwan and Japan's biotech ecosystems, bringing substantial value to the venture capital landscape.

Currently seeking new opportunities in venture capital and consulting to leverage my expertise in startup acceleration and cross-border business development.

PROFESSIONAL EXPERIENCE

CELLTECH ACCELERATOR

Associate

08/2023-Present

Taipei, Taiwan

- Joined as **the first hire**, playing a key role in establishing core processes and shaping company culture.
- Collaborated closely with the CEO to guide biotech startups, providing strategic direction and connecting them to networks and financial resources across the APAC region.
- Led the discovery and evaluation of over 200 early-stage and growth-stage biotech startups, ensuring thorough due diligence and identifying high-potential opportunities.
- Prepared investment reports and pitch books for cross-border deal opportunities, tailored to the buy-side.
- Developed industry insights and go-to-market strategies for international startups seeking early-stage funding.
- Organized and managed pitch events, conferences, and symposiums in Taiwan and Japan.

ACADEMIA SINICA
